# RESOURCE PERSON

Shubhada Sathe is a social work professional from tata institute of social sciences. She has worked for 18 years in the area of adoption in the state of Maharashtra. She has been associated with the rainbow homes program since 2010. She has worked in several capacities in program implementation, advocacy and knowledge management. She is actively associated with development of IEC materials, booklets, manuals and online courses. In her current assignment, she is also leading the safeguarding audit of our homes. For the academic side, she continues to work with colleges of social work, psychology, social sciences and sociology for spreading awareness on issues faced by children in street situations. As an experienced member of our organization, she is also providing inputs for strategic planning and the way forward for the rainbow homes program.

Thank you Rainbow for amazing session which brought my keen interest towards invisible children, knowing the condition & plight of street children, who are vulnerable of vulnerable, especially as student of law who has always been interested in socio-legal field was quite enlightening. I truly appreciate your organisation work towards invisible children and it is quite inspiring for us as to look upto towards social cause.

Thanks a lot again for wonderful and enlightening session & hopefully your team shall continue your amazing work to enlighten & sensitise the young peoples. We truly appreciate you.

The session was very informative and made us aware about the children who are living on the streets. The number of children living on streets is around 18 million in India acc. to a report. This number is really devastating but still they are considered as invisible. They are vulnerable to the sexual offences. There is no care and protection for them. They are vulnerable to the natural calamities and disasters. They need care & protection as well as the government should <sup>work</sup> for their welfare in order to restore them into the society because they are most vulnerable of the vulnerables.

It was really a sensitive & heart touching session. Firstly I realised what God has given to us and which many are deprived off.

I really felt connected to these children and already had observed them earlier. I got to know many things about them in this session. I ~~would~~ will really like to work for them and their betterment.

It's our prime duty to be a positive human being and take care of these needy children.
